Dolby Atmos & DTS-X C93 Series

5.1.2 channel home theater sound bar with wireless subwoofer

Key Features :

RAY•DANZ

Dolby Atmos&DTS:X

5.1.2 Channel

AI Sonic-Adaptation

## A Whole New Immersive Sound Experience

Enhance your home cinema sound with RAYDANZ. Innovative RAYDANZ technology creates an incredibly immersive, ultra wide sound stage. This also ensures a larger sweet spot, so you can enjoy amazing performance over a greater area. Get the most out of your entertainment experience, with sound that's powerful without compromising clarity. Enjoy clearer dialogue from the sound bar's centre channel, tuned for optimal clarity. Make all your entertainment more dynamic with Dolby Atmos technology, bringing you multi-dimensional sound that delivers depth and excitement for a more cinematic experience. That also means big, powerful bass. The subwoofer offers a clutter-free solution. No wires, just huge, ground-shaking bass.

### RAY•DANZ

RAY•DANZ

Innovative RAY•DANZ technology creates a natural, immersive and wide sound stage.

### Dolby Atmos

Immersive, moving audio flows all around you

Dolby Atmos offers boundary-less sound that moves around you. Individual sounds are precisely placed in the room, immersing you in each story and song.

### dts X

DTS:X

DTS:X can bring more immersive three-dimensional and shocking sound quality to the viewing experience. Soundbar support DTS:X can emit shocking 3D immersive sound.

AI Sonic-Adaptation

Any location in the complex rooms could be set as the sweet spot. Users could enjoy the perfect sound anywhere in the room.
