2.1 Dolby Atmos Sound Bar with Built-in Subwoofers

Key Features :

Max Audio Power 260W

Built-in subwoofer

Dolby Atmos

Apple Airplay

All-in-one Versatile Dolby Atmos Sound Bar

Bring immersive home cinematic sound and wireless audio over WiFi to your living room without taking up a lot of space. A single compact all-in-one design that delivers an amazing Dolby Atmos experience which will also quickly become your living room audio hub with Chromecast built-in, Works with Apple AirPlay, Works with Hey Google and Works with Alexa connecting to all popular audio ecosystems. With a carefully engineered combination of angled drivers and acoustic radiators and dual built-in subwoofers, your ears will simply not believe how much performance and quality has been crammed into this soundbar whilst taking so little space. Hearing is believing. Every time again.

260W
maxAudio output power in
Watt at maximum volume

When you want to be immersed, power does matter. The maximum audio power is what makes your movie or music experience truly immersive. Be moved, every time.

Dolby AtmosImmersive, moving audio
flows all around you

Dolby Atmos offers boundary-less sound that moves around you. Individual sounds are precisely placed in the room, immersing you in each story and song.

Great bass without
taking up space

The built-in subwoofer delivers great bass performance whilst at the same time saving space. You will be surprised at the great bass performance it delivers.

Works with Apple Airplay

Works with Apple AirPlay AirPlay is an Apple technology designed to control home audio systems and speakers in any room - with a tap or by just asking Siri - right from iPhone, iPad, HomePod, or Apple TV.
