

FirePoker

For Easy Fuel & Fire Management

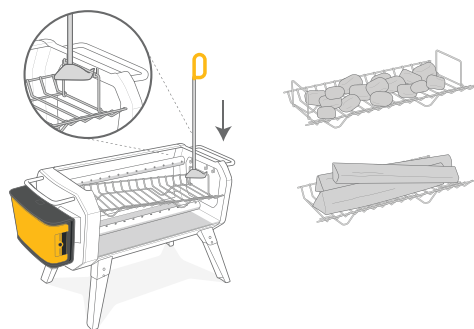

*Designed for use with BioLite FirePit
(sold separately)*

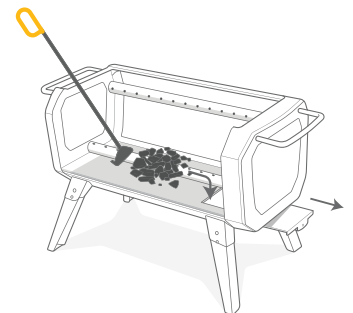

Tend Your Fire

Steel poker helps stoke and rearrange fuel easily

Switch Between Charcoal Or Wood

Hooked edge raises or lowers fuel rack seamlessly for cooking or campfire setting

Clean Up After Your Burn

Collect ash with flat edge and use hooked edge to open trap door for disposal

This custom FirePoker is designed to aid in optimal use of the BioLite FirePit. The curved tip hooks onto the fuel rack for easy lowering or raising while the broad flat edge helps stoke fuel and ensure logs are properly placed for ideal airflow. Silicon dipped handles keep the tool cool to the touch.
