

FirePit+

See Fire, Not Smoke

With capacity for up to four standard firewood logs, the BioLite FirePit creates a hyper-efficient burn with patented airflow technology and gives you a front-row seat to the magic thanks to the X-Ray Mesh Body, enabling 360° views. Lift the fuel rack and toss in charcoal to transform the FirePit into a hibachi-style grill, complete with an included grill grate.

Control the size of your flames manually or remotely with the free Bluetooth app.

12,800 mAh Battery For Longer Run Times

High-Temp Enamel Coating
