

# BioLite SolarPanel 10+

## 10 Watt, High Efficiency Monocrystalline

Power phones, tablets, cameras, as well as Biolite gear

## Optimal Sun System

Integrated Sundial aligns your panel for direct rays and 360 Kickstand provides easy positioning on uneven terrain or hanging from trees and tents

## On-Board Battery

3200mAh battery inside so your power is available even when the sun goes down

## Ultraslim Design

Minimalist materials keeps it super thin and increases efficiency through heat dissipation

## Designed to Maximize Your Charge

Solar Kind of Sucks. But the problem isn't the tech, it's the user experience—when you're off by a little in the sun, your panel can be losing out on as much as 30% of its efficiency.

The SolarPanel 10+ cuts out the guesswork with the Optimal Sun System, aligning you directly to the sun and keeping you in the right spot. Power up in real time when the sun is shining or from stored energy when it's not in use thanks to an integrated 3200 mAh battery.

## Tech Specs

### DIMENSIONS

10.12 x 8.19 x 0.94 in  
(257 x 208 x 24 mm)

### WEIGHT

1.21 lbs (550 g)

### INPUTS/OUTPUTS

Micro USB in USB Out

### DURABILITY

Splash resistant

### BATTERY

3200 mAh lithium-ion  
11 W

### POWER OUTPUT

10 Watts

### PV CELL TYPE

Monocrystalline Grade A

### WEATHER RESISTANCE

IPX4

### AUTO RECONNECT

Yes

### IN THE BOX

SolarPanel 10+, micro USB  
cable, instructions
